

# Office Information

## ■ Appointments

If you are a new patient, call 914.789.2700 to schedule an appointment. If you wish to see a specific physician, call his/her number directly.

## ■ Office Hours

Our office is open from 9 am to 5 pm Monday through Friday. A group physician is on call 24/7.

## ■ Insurance

Please contact our office during business hours to confirm insurance eligibility. Bring your insurance card to all appointments, as well as any referral forms required by your insurance provider. Co-pays must be paid at the time of service.

## ■ Workers' Compensation and No Fault

If you are injured through your employment or are involved in an accident, we will file your insurance claim. Please bring the required information to your appointment so that we may properly process this type of claim. You and your employer's cooperation will help ensure timely submission of a claim.

## ■ Your Responsibility

Our policy requires payment in full at the time of treatment if you are not covered by an insurance plan with which we participate or unless other arrangements have been made.

When it comes to orthopaedic surgery, expert hands can make all the difference.

# About Us

University Orthopaedics, PC is the only academic orthopaedic group practice in the Westchester, Connecticut/Hudson Valley region, and we serve the needs of patients throughout Connecticut and New York. As the primary teaching affiliate of New York Medical College, our patients benefit from access to the most modern, minimally invasive techniques currently available. Our board certified/eligible/fellowship-trained orthopaedic surgeons specialize in providing the best possible outcomes to patients of all ages by offering expert care in a compassionate, respectful environment.

University Orthopaedics, PC is dedicated to providing those we serve with the information they need to make informed decisions about their healthcare. It is our privilege to take care of you. You are our partner in your treatment, and we will work closely with you to develop an individualized plan to help you stay healthy and active.
